Dear Ms. Whalen,

California submitted its original Education Jobs Fund Program application in November 2010 and was awarded \$1.2 billion to help retain and create education jobs during the 2010-11 school year. The state also recently received a supplemental award of \$17.7 million for the 2011-12 school year. Per a request by the U.S. Department of Education staff we have updated our application since the original submission.

Attached, please find California's amended State Maintenance-of-Effort (MOE) Submission for the federal Education Jobs Fund. California continues to meet the Maintenance-of-Effort requirements under Method 3. This amended submission contains updates for the following:

- State Tax Collections Data has been updated to correct for a clerical error.
- Projected FY 2011 Data has been updated to reflect changes to the 2010-11 fiscal year as of the 2011-12 Budget Act, which was enacted in June of 2011. This reflects the most recent data for purposes of the MOE.
- The Education Jobs Fund Program MOE Backup summary and attachments 1, 8, and 9 were also updated to provide backup for the updates.

Should you have any question or need additional information, please contact Allison Joe, of the Governor's Office of Planning and Research, at 916-341-7371 or Elisa Wynne, of the California Department of Finance at 916-445-0328.

Thank you,

## **Instructions for the State Maintenance-of-Effort Submission under the Education Jobs Fund Program**

**U.S. Department of Education  
September 8, 2010**

In its application for funding under the Education Jobs Fund (Ed Jobs) program, each State assured that it would comply with the maintenance-of-effort (MOE) requirements in section 101(10)(A) of Public Law 111-226. Each State also assured that, within 60 days of the date of the State's grant award, it would submit to the U.S. Department of Education (Department) the most current applicable MOE data available.

A State that receives Ed Jobs funds must maintain fiscal effort for education for fiscal year (FY) 2011 in one of four ways:

1. Maintain FY 2011 dollar levels of support at levels that are not less than FY 2009 levels;
2. Maintain FY 2011 percentages of support at percentages that are not less than FY 2010 percentages;
3. Maintain FY 2011 dollar levels of support at levels that are not less than FY 2006 levels; or
4. Maintain FY 2011 percentages of support at percentages that are not less than FY 2006 percentages.

Each method is described in detail in the attachments to these instructions. Using the applicable form in the attachments, each State must provide data only for the method by which the State intends to demonstrate that it will comply with the MOE requirements. A State must also provide source documentation substantiating the reported MOE data. Details on the source documentation are provided in the attachments.

Each State should submit its data and documentation to [EducationJobsFund@ed.gov](mailto:EducationJobsFund@ed.gov). The submission is due to the Department not later than 60 days after the date of the State's grant award under the Ed Jobs program. If you have any questions, please contact Jim Butler at 202-453-7500 or [James.Butler@ed.gov](mailto:James.Butler@ed.gov).

Fiscal Year 2006 Levels**

*NOTE: This method is available only to States with State tax collections for calendar year 2009 that are less than State tax collections for calendar year 2006.*

For State FY 2011, the State will maintain State support for public institutions of higher education (IHEs) (not including support for capital projects or for research and development or tuition and fees paid by students) at not less than the level of such support for State FY 2006.

## MOE Method 3 Source Documentation

To document State tax collections for calendar years 2006 and 2009, a State may use the sum of the State quarterly tax collections data from the U.S. Census Bureau (Census), which are available at [http://www.census.gov/govs/qtax/table\\_3.php](http://www.census.gov/govs/qtax/table_3.php). A State may provide revised State tax collection data if it has available more recent auditable data that differs from the information that was reported to Census. A State may, if it chooses, exclude from State tax collections those tax revenues that may not be used to provide support for elementary, secondary, or postsecondary education. For example, a State may exclude gasoline taxes that generate revenue that is available to support only transportation projects. If a State chooses to exclude dedicated taxes, it must do so for both calendar years 2006 and 2009. Furthermore, as part of its application, the State must identify the taxes excluded and the amounts of the State tax collections under such taxes.

For the FY 2006 baseline data, a State must provide documentation substantiating the State's final appropriations or expenditures for elementary and secondary education and for public IHEs. Such documentation may include tables or text from official State budget documents (e.g., a State budget summary or table of expenditures from the State's accounting system).

For the projected FY 2011 data, a State must provide enacted or estimated appropriations levels. Such documentation may include a Governor's budget proposal, legislative budget proposals, or enacted appropriations.

Following the close of State FY 2011, the Department will be collecting final appropriations or expenditure data for that fiscal year to verify that the State met the statutory MOE requirement.

2/ Over the past several years California has routinely deferred payments from one year to the next. In 2005-06, California deferred an additional \$20 million in K-12 payments. See Attachment 2

3/ In 2010-11, California deferred an additional \$1.7 billion in K-12 payments and \$189 million in Community College payments. See Attachment 3

4/ California makes settle-up payments to meet prior years K-14 funding formula obligations that result from formula inputs changing after the close of a fiscal year. This funding is expended in the year it is provided. In 2006-07, \$2.043 billion in K-12 and \$257 million in community college settle-up payments were made, however, these payments were inadvertently counted as part of 2005-06 funding. Provisions:

1. Allocation of funds appropriated in this item to the appropriate local entities shall be made by the Controller in accordance with the provisions of each statute or executive order that mandates the reimbursement of the costs, and shall be audited to verify the actual amount of the mandated costs in accordance with subdivision (d) of Section 17561 of the Government Code. Audit adjustments to prior-year claims may be paid from this item. Funds appropriated in this item may be used to provide reimbursement pursuant to Article 5 (commencing with Section 17615) of Chapter 4 of Part 7 of Division 4 of Title 2 of the Government Code.
2. If any of the scheduled amounts are

insufficient to provide full reimbursement of costs, the Controller may, upon notifying the Director of Finance in writing, augment those deficient amounts from the unencumbered balance of any other scheduled amounts therein. No order may be issued pursuant to this provision unless written notification of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, and the Chairperson of the Joint Legislative Budget Committee or his or her designee.

3. Pursuant to Section 17581.5 of the Government Code, the mandates identified in Schedules (3), (6), (7), (16), and (17) are specifically identified by the Legislature for suspension until June 30, 2013.
4. The moneys appropriated in this item shall count toward appropriations for the purposes of making computations required by Section 8 of Article XVI of the California Constitution. The

appropriation made in this item shall be deemed to be "General Fund revenues appropriated to community colleges," as defined in subdivision (c) of Section 41202 of the Education Code for the 2009-10 fiscal year and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B" as defined in subdivision (e) of Section 41202 of the Education Code, for the 2009-10 fiscal year.

## **Chapter 724, Statutes of 2010**

SEC. 14. Section 41207.4 is added to the Education Code, to read:

41207.4. (a) The sum of two hundred ten million one hundred thousand dollars (\$210,100,000) is hereby appropriated in the 2010-11 fiscal year from the General Fund to the Controller for allocation to school districts and community college districts for the purpose of offsetting the 2009-10 outstanding balance of the minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution.

(1) The amount appropriated pursuant to this subdivision shall be allocated to school districts and community college districts as defined in subdivision (a) of Section 41203.1.

(2) The amount allocated to school districts pursuant to this subdivision shall be distributed in a manner that reflects the proportion of regular average daily attendance in school districts, as defined in subdivision (a) of Section 41209, as those numbers are reported at the time of the second principal apportionment for the fiscal year prior to the fiscal year in which funds are to be received.

(3) The amount annually allocated to community college districts pursuant to this subdivision shall be distributed based on enrolled full-time equivalent students, as those numbers are reported at the time of the second principal apportionment for the fiscal year prior to the fiscal year in which funds are to be received.

(4) For purposes of this subdivision a school district includes a county office of education and a charter school.

(b) For purposes of Section 8 of Article XVI of the California Constitution, the amounts appropriated and allocated pursuant to this section shall be applied to the outstanding balance of the minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution for the 2009-10 fiscal year, and shall be deemed to be appropriations made and allocated in that fiscal year in which the deficiencies resulting in the outstanding balance were incurred.

(c) Funding received by school districts and community college

districts pursuant to this section shall first be deemed to be paid in satisfaction of any outstanding claims pursuant to Section 6 of Article XIII B of the California Constitution for reimbursement of state-mandated local costs for any fiscal year. Notwithstanding any amounts that are deemed, pursuant to this subdivision, to be paid in satisfaction of outstanding claims for reimbursement of state-mandated local costs, the Controller may audit any claim as allowed by law and may reduce any amount owed by school districts and community college districts pursuant to an audit by reducing amounts owed for any other mandate claims. The Controller shall apply amounts received by each school district or community college district against any balances of unpaid claims for reimbursement of state-mandated local costs and interest in chronological order beginning with the earliest claim. The Controller shall report to each school district and community college district the amounts of any claims and interest that are offset from funds provided pursuant to this section and shall report a summary of the amounts offset for each mandate for each fiscal year to the Department of Finance and the fiscal committees of the Legislature. The governing board of a school district or community college district may expend funds received pursuant to this section in excess of amounts offsetting mandate claims for any other one-time purposes, as determined by the governing board.

SEC. 23. Section 52055.770 of the Education Code is amended to read:

52055.770. (a) School districts and chartering authorities shall receive funding at the following rate, on behalf of funded schools:

(1) For kindergarten and grades 1 to 3, inclusive, five hundred dollars (\$500) per enrolled pupil in funded schools.

(c) The following amounts are hereby appropriated from the General Fund for the purposes set forth in subdivision (f):

(1) For the 2007-08 fiscal year, three hundred million dollars (\$300,000,000), to be allocated as follows:

(A) Thirty-two million dollars (\$32,000,000) for transfer by the Controller to Section B of the State School Fund for allocation by the Chancellor of the California Community Colleges to community colleges for the purpose of providing funding to the community colleges to improve and expand career technical education in public secondary education and lower division public higher education pursuant to Section 88532, including the hiring of additional faculty to expand the number of career technical education programs and course offerings.

(B) Two hundred sixty-eight million dollars (\$268,000,000) for transfer by the Controller to Section A of the State School Fund for allocation by the Superintendent pursuant to this article.

(2) For each of the 2008-09, and 2011-12 to 2014-15 fiscal years, inclusive, four hundred fifty million dollars (\$450,000,000) per fiscal year, to be allocated as follows:

the Chancellor of the California Community Colleges to community colleges as required under subdivision (e).

(B) Four hundred two million dollars (\$402,000,000) for transfer by the Controller to Section A of the State School Fund for allocation by the Superintendent pursuant to this article.

(C) Commencing with the 2010-11 fiscal year, payments made pursuant to subparagraphs (A) and (B) shall be made only on or after October 8 of each fiscal year.

(d) For the 2013-14 fiscal year the amounts appropriated under subdivision (c) shall be adjusted to reflect the total fiscal settlement agreed to by the parties in California Teachers Association, et al. v. Arnold Schwarzenegger (Case Number 05CS01165 of the Superior Court for the County of Sacramento) and the sum of all fiscal years of funding provided to fund this article shall not exceed the total funds agreed to by those parties. This annual appropriation shall continue to be made until the Director of Finance reports to the Legislature, along with all proposed adjustments to the Governor's Budget pursuant to Section 13308 of the Government Code, that the sum of appropriations made and allocated pursuant to subdivision (c) equals the total outstanding balance of the minimum state educational funding obligation to school districts and community college districts required by Section 8 of Article XVI of the California Constitution and Chapter 213 of the Statutes of 2004 for the 2004-05 and 2005-06 fiscal years, as determined in subdivision (a) or (b) of Section 41207.1.

(e) The sum transferred under subparagraph (A) of paragraph (2) of subdivision (c) for the 2008-09 fiscal year shall be allocated by the Chancellor of the California Community Colleges as follows:

(1) Thirty-eight million dollars (\$38,000,000) to the community colleges for the purpose of providing funding to the community colleges to improve and expand career technical education in public secondary education and lower division public higher education pursuant to Section 88532, including the hiring of additional faculty to expand the number of career technical education programs and course offerings.

(2) Ten million dollars (\$10,000,000) to the community colleges for the purpose of providing one-time block grants to community college districts to be used for one-time items of expenditure, including, but not limited to, the following purposes:

(A) Physical plant, scheduled maintenance, deferred maintenance, and special repairs.

(B) Instructional materials and support.

(C) Instructional equipment, including equipment related to career-technical education, with priority for nursing program equipment.

(D) Library materials.

(E) Technology infrastructure.

(F) Hazardous substances abatement, cleanup, and repair.

(G) Architectural barrier removal.

(H) State-mandated local programs.

(3) The Chancellor of the California Community Colleges shall allocate the amount allocated pursuant to paragraph (2) to community college districts on an equal amount per actual full-time-equivalent student (FTES) reported for the prior fiscal year, except that each community college district shall be allocated an amount not less than fifty thousand dollars (\$50,000), and the equal amount per unit of FTES shall be computed accordingly.

(4) Funds allocated under paragraph (2) shall supplement, and not supplant existing expenditures and may not be counted as the district contribution for physical plant projects and instructional material purchases funded in Item 6870-101-0001 of Section 2.00 of the annual Budget Act.

(f) For each fiscal year, commencing with the 2011-12 fiscal year, to the 2014-15 fiscal year, inclusive, the sum transferred pursuant to subparagraph (A) of paragraph (2) of subdivision (c) shall be allocated by the Chancellor of the California Community Colleges as follows: Forty-eight million dollars (\$48,000,000) to the community colleges for the purpose of providing funding to the community colleges to improve and expand career technical education in public secondary education and lower division public higher education pursuant to Section 88532, including the hiring of additional faculty to expand the number of career technical education programs and course offerings.

(g) The appropriations made under subdivision (c) are for the purpose of discharging in full the minimum state educational funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution and Chapter 213 of the Statutes of 2004 for the 2004-05 fiscal year, and the outstanding maintenance factor for the 2005-06 fiscal year resulting from this additional payment of the Chapter 213 amount for the 2004-05 fiscal year.

(h) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, including computation of the state's minimum funding obligation to school districts and community college districts in subsequent fiscal years, the first one billion six hundred twenty million nine hundred twenty-eight thousand dollars (\$1,620,928,000) in appropriations made pursuant to subdivision (c) shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202 and "General Fund Revenues appropriated for community college districts," as defined in subdivision (d) of Section 41202, for the 2004-05 fiscal year and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202, for that fiscal year. The remaining appropriations made pursuant to subdivision (c) shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202 and "General Fund revenues appropriated for community college districts," as defined in subdivision (d) of Section 41202, for the 2005-06 fiscal year and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202, for that fiscal year.

(i) From funds appropriated under subdivision (c), the Superintendent shall provide both of the following:

(1) Not more than two million dollars (\$2,000,000) annually to county superintendents of schools to carry out the requirements of this article, allocated in a manner similar to that created to carry out the new duties of those superintendents under the settlement agreement in the case of Williams v. California (Super. Ct. San Francisco, No. CGC-00-312236).

(2) Five million dollars (\$5,000,000) in the 2007-08 fiscal year

to support regional assistance under Section 52055.730. It is the intent of the Legislature that the Superintendent and the secretary, along with county offices of education, seek foundational and other financial support to sustain and expand these services. Funds provided under this paragraph that are not expended in the 2007-08 fiscal year shall be reappropriated for use in subsequent fiscal years for the same purpose.

(j) Notwithstanding any other provision of law, funds appropriated under subdivision (c) but not allocated to schools with kindergarten or grades 1 to 12, inclusive, in a fiscal year, due to program termination in any year or otherwise, shall be available for reappropriation only in furtherance of the purposes of this article. First priority for those amounts shall be to provide cost-of-living increases and enrollment growth adjustments to funded schools.

(k) The sum of three hundred fifty thousand dollars (\$350,000) is hereby appropriated from the General Fund to the State Department of Education to fund 3.0 positions to implement this article. Funding provided under this subdivision is not part of funds provided pursuant to subdivision (c).
